

# IMPACT 2024 • MAKING A DIFFERENCE

PCEC is proud to have made a significant impact on men and families fighting prostate cancer in 2024. PCEC was pleased to continue to be able to offer in person education and testing events to men and their caregivers across the country as we have done for more than 30 years.

In 2024, PCEC was able to host more in-person events and saw a significant surge in participation by patients, caregivers and providers, while maintaining our robust virtual patient community and tools.

## 2024 REACH

**715,389**  
men  
& caregivers

reached over  
**2.5 Million**  
people

## 2024 GROWTH

- **13%** increase in men being screened
- **22%** increase in African American men being screened
- **26%** increase in patient support services
- **18%** increase in general outreach and awareness programming

## 2024 AWARENESS & EDUCATION PROGRAMS

We test and support **thousands of men** each year for prostate men's health conditions across all stages of disease.

We have provided **FREE PSA TESTING** to **millions of men** since founded.
