

GET INSPIRED.

GET INVOLVED.

Helping those who help us!

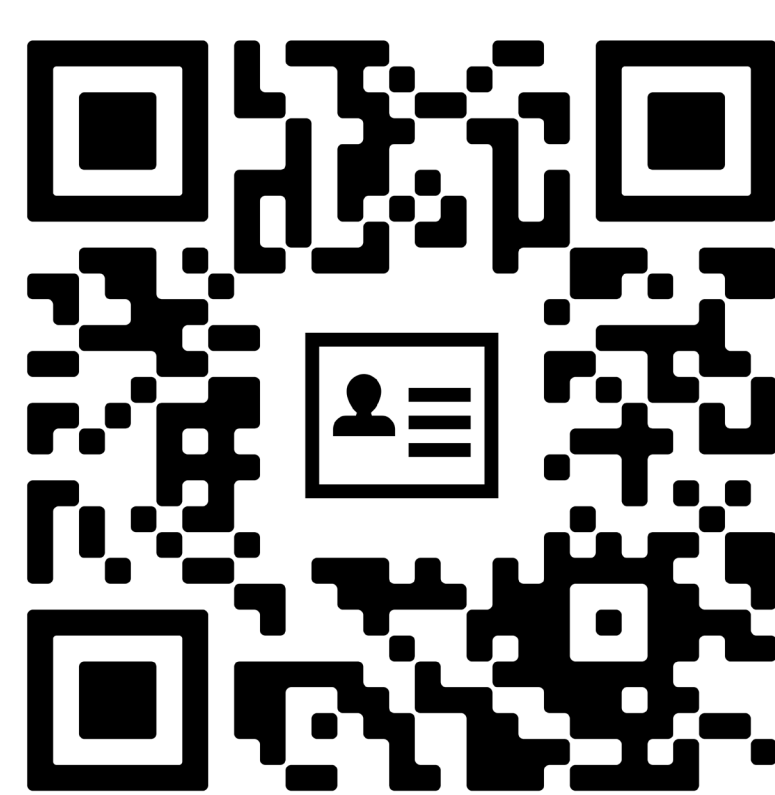

Cancer is the most dangerous threat to firefighter health and safety today!

Firefighters are **1.28x greater risk** than the general population to develop **prostate cancer** in their lifetime.

Host a Men's Health Event at your Station Highlighting Prostate Cancer!

Our Services Include:

- Low Cost Men's Health Testing - PSA, Testosterone, Cholesterol, Triglycerides, HDL, LDL and Glucose.
- Prostate Cancer Awareness and Educational Programming.
- Prostate Cancer Patient Support Services.
